

MONMOUTH GREEN TRAVEL DAY CYCLE TO SCHOOL - CYCLETRAINS

SEPTEMBER 18th 2008

Monmouth has been lucky to secure some funds from the - Connect 2 Project (Big Lottery Funded). Working with MCC and Sustrans the money is to be spent to help provide safe and useful routes in and around the town for walking and cycling. There is a very active group working on behalf of the community, to establish these useful and recreational routes. One of the many benefits of these routes would be to cut down the traffic in and around the town, allowing people to shop, visit and go to school on foot or by bike more conveniently and safely.

Would you like to take part in the Green Travel Day?

Would you like to demonstrate the need for Safer Routes To School?

Would you like to safely walk or cycle to school regularly?

Would you like to help reduce traffic congestion in Monmouth?

If the answer to one or more of the above is YES read on.

On Thursday Sept 18th we have planned to provide experienced cyclists to lead "CYCLE TRAINS" from various locations.

WHAT IS A CYCLE TRAIN? – a group of proficient cyclists grouped together for their safety, and led by an experienced cyclist.
